

Have you heard of “Night School”?

Night School is for positive-thinking people who want to “learn from now”.

What is Night School ?

Public junior high schools offer night school classes for those who missed their compulsory education due to personal reasons, or foreign nationals who have not completed compulsory education in their home country or Japan. Classes are held on weekdays, just like usual public junior high schools, but during the evening to night. Currently, 12 prefectures nationwide offer night school classes, but there are none in Niigata prefecture.

- Tuition is free
- Classes are held five days a week
- You will learn the same subjects that are taught at public junior high schools
- Instructors are licensed junior high school teachers

We would like to hear your opinions!

We are conducting a survey regarding night school until December 15th.

Please let us know your thoughts by visiting the following link to respond. Thank you for your cooperation.
